Dear Bangalore Chapter,

As President of the IEEE Education Society, I am pleased to inform you that you have been selected by the IEEE Education Society to receive the 2021 IEEE Education Society Chapter Achievement Award. This award is given to a chapter of the IEEE Education Society that provides exemplary technical activities, membership services, and societal activities to its members.

Your nominator, Manuel Castro, has proposed this citation: *For contributions to the engagement and new international activities of the IEEE Education Society members in Bangladesh (and India) area.*

Typically, the presentation of this award is scheduled for our annual conference, Frontiers in Education (FIE). However, the COVID-19 pandemic is affecting worldwide travel. This year, FIE 2021 will be held in a hybrid format with in-person and online technical sessions. The Society will sponsor an Awards Banquet at FIE2021 for award winners that are attending in-person. Award winners from 2020 and 2021 will be recognized if present.

The Society will not be offering virtual presentations during the FIE 2021 Awards Banquet because of wide time zone differences. Instead, Education Society award winners for 2021 that are not attending FIE 2021 in-person will receive their award instruments by mail and will be invited to attend the next in-person FIE, with paid registration, to receive in-person recognition.

Your award announcement will be prominently featured in a future Society newsletter, on the Society webpage, through social media, and in the February 2022 edition of the [IEEE Transactions on Education](#).

- I request that you please send a **chapter photo** (JPEG format) to the IEEE Education Society Operations Manager, Madison Musselman, email: [admin@ieee-edusociety.org](mailto:admin@ieee-edusociety.org).
- The Society recognizes many award winners cannot enter the United States at this time due to travel restrictions. Yet, for written record, in your email response please inform us of your decision to attend FIE 2021 in-person or to delay your in-person recognition to next year.
- Finally, if you are not attending FIE 2021 in-person, please provide the preferred physical address to receive your award instruments online via the Education Society website at <https://ieee-edusociety.org/form/edsoc-awards-mailing>.

We congratulate you for your achievements and look forward to seeing you at FIE 2021 or at a future FIE for in-person recognition.

Sincerely,

Edmundo Tovar, etovar@fi.upm.es  
President, IEEE Education Society
